# Civil Discourse Map

Team Civil-Discourse
Luke Bonner, Amaka Ezuruonye, Hayden Garrett

Goals

- Add relevant headlines to English speaking countries

- Enhance UI to give modern look and feel

Changes

- Added multiple news sources to display relevant articles for each English speaking country
- Switched color schemes to give neutral connotation to country discourse rankings
- Changed layout of the country pages and ranking page to a modern look
- Added documentation and guides that were missing
- Deployed to live service (previously 2 teams work behind)

Future team goals and Global Disinformation Index (GDI)

- Going into the future, upcoming teams will need to aim to implement:
  - Countries beyond English speaking countries
  - GDI journals (currently impossible due to Russian-Ukraine war)
  - AWS Lambda function streamlining > 75 country support
  - Split API call > 100 country support
